APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.6 cubic feet per second.

Actual construction work shall begin on or before April 7, 1923.

Proof of commencement of work shall be filed before May 7, 1923.

Work must be prosecuted with reasonable diligence and be completed on or before April 7, 1923.

Proof of completion of work shall be filed before May 7, 1923.

Application of water to beneficial use shall be made on or before

April 7, 1928. Proof of the application of water to beneficial use must be filed with State Engineer on or before May 7, 1928.

WITNESS MY HAND AND SEAL this 7th day

Map filed Jan 6, 1923
(See 5321 for map)

of July, 1922.

First of item filed APR 22
Proof of completion of work filed MAR 18, 1924

J. G. Scraggman
State Engineer.

This permit is issued subject to all prior rights on the source, and particularly subject to the rights granted under certificates Nos. 598 and 599 issued under permits Nos. 2931 and 2932, respectively. It is understood, that such land as may eventually be given a certificate of water right under permit No. 5321, together with the land which holds a full water right under certificates Nos. 598 and 599 above mentioned, is hereby excluded from the land proposed to be irrigated under this permit. A substantial headgate and weir must be installed and maintained at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.
